ABOUT ME

Frontend Developer with **4.9+ years of experience** specializing in **React.js, real-time interfaces, and responsive UI development**. Proven track record delivering **enterprise-grade web apps and chatbot platforms** for clients such as **PNB, Mumbai Port Trust, Mauritius Government, and NISG**. Skilled in **React hooks, SCSS, Tailwind, performance optimization, and API integration**, with additional experience in **Node.js and CMS development**. Recognized at Gray Matrix for **quick learning, leadership, and mentoring junior developers**, with consistent contributions to product innovation and delivery excellence.

CORE SKILL

Frontend: React.js, React Hooks, Context API, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Material UI, Responsive UI, Pixel-Perfect Conversion, Form Validations, UI State Management

Tools & Build: Git/GitHub, VS Code, NPM/Yarn, Webpack/Vite, Chrome DevTools

Backend: Node.js, Express.js, REST APIs, MongoDB

Other Skills: Socket.io (Real-time Communication), Performance Optimization, Accessibility Basics, Cross-Browser Compatibility, Debugging, Agile/Scrum, Client Communication, Leadership & Mentoring

PROFESSIONAL EXPERIENCE

2021-NOW

Gray Matrix — Software Engineer

As a core member of the frontend development team at Gray Matrix, I worked on designing, developing, and enhancing web applications and CMS platforms. My role focused on creating responsive user interfaces, real-time integrations, and close collaboration with product and design teams. I contributed to backend API development for certain full-stack modules to support end-to-end delivery. I also worked on chatbot and web application projects for leading clients such as **PNB (Punjab National Bank), Mumbai Port Trust, Mauritius Government, NISG, and ABSA Bank**, delivering tailored solutions to meet diverse technical and business requirements.

Key Achievements :

- Delivered responsive UI screens across enterprise projects.
- Improved onboarding forms for ABSA by 30–40% through DOM optimization and reusable components.
- Implemented real-time chatbot workflows using Socket.io, boosting interaction responsiveness.
- Recognized with Quick Learner Award, and nominated 2× Performer of the Quarter/Year.
- Mentored 4 junior developers, improving team productivity and delivery quality.

Responsibilities :

- Built responsive and mobile-optimized UIs using React.js, SCSS, Tailwind, Bootstrap.
- Converted Figma/UI designs into clean, scalable, pixel-perfect frontends.
- Integrated REST APIs using Axios/Fetch, ensuring seamless frontend-backend data flow.
- Developed full-stack modules (Node.js + React) for select product features.
- Customized and deployed chatbots for Talkk, enabling real-time conversations using Socket.io.
- Enhanced performance via code-splitting, cleanup, and component optimization.
- Ensured cross-browser compatibility and accessibility basics.
- Collaborated under Agile sprints with designers, PMs, and backend engineers.

KEY PROJECTS

1. Talkk (Product @ Gray Matrix) – Conversational AI Platform

React.js, Socket.io, SCSS, Node.js APIs

- Developed chatbot UI & real-time communication with Socket.io.
- Built CMS for workflows, analytics, broadcasts, and bot training.
- Delivered customized deployments for PNB, Mumbai Port Trust, Mauritius Government, NISG.

2. ABSA – Banking Customer Onboarding (Migration to React)

React.js, REST APIs, Form Optimization

- Migrated entire customer onboarding experience from legacy Node.js UI to React.
- Achieved faster performance through optimized forms and reduced DOM complexity.
- Built reusable component library for upcoming modules.

3. Mortgage Market – Loan & Mortgage Platform

React.js, PHP, Bootstrap

- Improved loan flow UI, dashboard usability, and mobile responsiveness.
- Implemented secure form handling and validations.

4. AI Agent (POC)

React.js, Socket.io

- Developed real-time AI assistant interface.
- Designed digital-human-focused conversational UI.
- Explored future-ready multi-channel broadcast architecture.

EDUCATION

MASTER OF SCIENCE IN INFORMATION AND TECHNOLOGY

Mumbai University IDOL

2023–2025

BACHELOR OF SCIENCE IN INFORMATION AND TECHNOLOGY

Mumbai University

2017–2019

ADDITIONAL HIGHLIGHTS

- Nominated twice for Performer of the Quarter and Year at Gray Matrix.
- Awarded Quick Learner during the company's tech fest.
- Appreciated by senior management for contributions to company level product development.
- Took on leadership responsibilities, guiding the team as a senior developer.
- Trained and mentored 4 team members under my guidance, helping them improve in React.js and project delivery.
